

Pathways

VCC
victorychristiancollege

What to expect

- Our Pathways Program provides students with the opportunity to develop skills in the area best suited to their individual aspirations and talents
- Beginning at Year Five our students are provided with opportunities to authentically explore a range of areas related to STEAM through a unique Electives Program
- Pathway Subjects increase in availability as students progress through to Year Ten leading to extended opportunities in our Senior School, presented in a wide range of educational pathways inclusive of VCE, VET and Trade
- Key Pathways include
 - English
 - Mathematics
 - Engineering, Design and Innovation
 - Digital Technologies and Advanced Manufacturing
 - Food Science, Agriscience and Horticulture
 - Community Health, Sports and Medical Sciences
 - Humanities and Social Sciences
 - Performing and Visual Arts
 - STEAM
